

ZERO MOTORCYCLES

MY/23

SHIFTING PERCEPTIONS

Zero Motorcycles is leading the industry by transforming the experience and perception of what riding can be like. Built on a proprietary platform of cutting-edge technology, our motorcycles feature the ability to adapt to each rider's preferences by creating unique program modes using our NextGen app. Zero further elevates the adventure by offering a selection of upgrades and lifestyle accessories. This ability to enhance the ride by personalizing the performance, storage, comfort, and aesthetic speaks to the heart of every rider.

DUAL SPORT

Zero Motorcycles offer the smoothest and quietest ride through the simplicity of breathtaking gearless acceleration, allowing each rider to connect to nature in a way that's never before been possible. Zero offers an assortment of physical accessories to add an extra level of personalization, truly making the ride one-of-a-kind.

DSR/X

The all-new Zero Motorcycles DSR/X represents the world's first fully-electric adventure sport bike. Purpose-built to handle everything from an expert-level mountain pass to a twisting canyon road plus all the terrain beyond where the road ends. Up to 220 miles on a single charge from 21.0 kWh of battery capacity makes it possible to adventure deeper than ever before. The DSR/X comes fully equipped with all Cypher III+ Features.

ADVENTURE ELECTRIFIED

After nearly two decades of leading the industry, and over 15 million miles ridden around the world by Zero Motorcycle owners, our experience and expertise have created the all-new DSR/X.

Delivering an entirely new experience of effortless adventure with precision on/off road performance, and our patented electric powertrain technology, the DSR/X is adventure electrified.

TOP CASE MOUNT KIT

10-08341

The DSR/X model-specific attachments guarantee the best fit and easy mounting on original attachment points. Specifically developed for long-distance adventure riding on large street and sport touring machines, the Top Box Mount offers a large contact surface. Numerous large lashing eyes provide a secure hold for tall bags.

ZERO POSSIBLES POUCH

24-08787

With 3.5-liters of packable volume, this super-rugged, universal roll-top Possibles Pouch provides enough capacity to carry essentials for any adventure a Zero motorcycle may take you on. This bag is 100% waterproof.

ZERO PRONGHORN STRAPS

24-08788

These multi-purpose polyurethane cargo straps feature virtually unbreakable fasteners that can secure nearly anything to your bike. The Zero Pronghorn Straps come in a pair that are 25 inches long each with plenty of stretch and perfect for securing the Zero MoJavi Saddlebags to your bike's rear fender.

DSR/X CASES

The TRAX ADV cases are the ultimate tail luggage for on or off-road use. These sturdy aluminum cases are constructed from 1.5mm material. The Top Case is conveniently lockable and easily fits one full face helmet with room for more. Stability, easy handling, and sophisticated features make the TRAX ADV cases the perfect travel companion for large and small tours alike.

10-00209 TOP CASE AND MOUNTING KIT
 10-00230 SIDE CASES LH & RH
 10-00291 SIDE CASE MOUNTS
 24-00043 TOP CASE

CENTERSTAND

Black powder coated steel with rugged construction, this centerstand provides extra stability for parking a loaded Zero. It also offers additional ground clearance to ease maintenance and enhances tire protection when parked for long periods of time.

Coming Spring 2023.

10-08279

DSR/X TOURING WINDSCREEN

Built for the long-haul, the Touring Windscreen offers our highest degree of wind and weather deflection, further enhancing rider comfort and improving aerodynamics. This screen is designed to mount to the same location as the OEM windscreen and remains fully adjustable.

10-08403

POWER

POWER TANK ADVENTURE

10-08325

Gain an additional 3.6 kWh of battery capacity while still retaining a small lockable storage area with this dealer-installed accessory. Zero's Power Tank extends your motorcycle's range with an extra power pack in place of the tank storage compartment. The Power Tank is not compatible with motorcycles equipped with the 6kW Rapid Charger.

Coming Winter 2023.

6kW RAPID CHARGER ADVENTURE

10-08376 NORTH AMERICA
10-08375 EUROPE

Charge 2-3x faster with this dealer-installed accessory. Zero's Rapid Charger adds 6kW of charging power to your motorcycle, significantly reducing time to recharge to about 1-2 hours. The Rapid Charger is not compatible with motorcycles equipped with the Power Tank accessory.

Coming Winter 2023.

DESIGN

B-LUX LEVER PROTECTOR (QUICKSTRIKE)

27-08243

Don't leave yourself open to vulnerabilities and the need to spend money on replacement parts. Protect your lever from unintentional ground contact or operation from other riders. The anodized, CNC-milled billet aluminum provides an elegant, racing aesthetic. Compatible with all of Zero's standard 7/8" handlebars. One lever protector included.

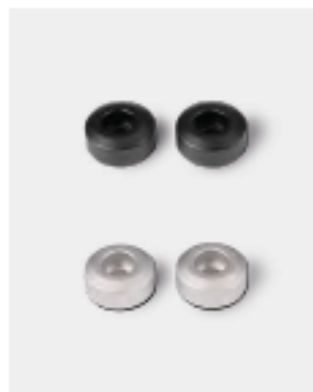

B-LUX BAR ENDS (QUICKSTRIKE)

27-08244

It's the little things that can add up to major aesthetic upgrades. Carefully crafted from anodized aluminum by Barracuda, these B-Lux bar ends add a little extra flare. As the saying goes, the devil is in the details. Sold in pairs and compatible with all Zero OE bars.

ALUMINUM BAR ENDS

10-08223-1 BLACK
10-08223-2 SILVER

Made from 6061 aluminum, these bar ends match both the standard silver or black rearsets and footpegs on all Zero models. Sold as a pair, each kit is compatible with all 7/8" standard handlebars.

LED TURN SIGNAL SET

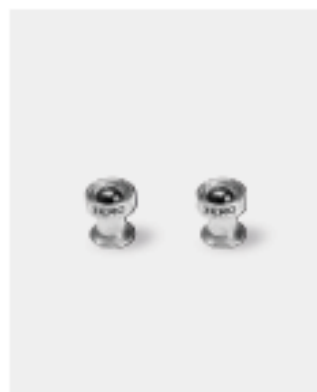

10-08386-1 CLEAR
10-08386-2 SMOKED

These LED turn signals provide increased brightness and visibility, without straying too far from the OEM look.

Features:

- 6 ultra-bright LED lights per signal
- Soft stem design
- M8 threading
- Sold as a pair

SWINGARM SPOOLS (QUICKSTRIKE)

26-08516

Give yourself some extra peace of mind, protect your ride from accidental damage, and save yourself from unexpected repair costs in the future. These premium, high-strength spools will safely secure your bike onto a rear bike stand.

FRONT RESERVOIR CAP (QUICKSTRIKE)

25-08213

It's the little things that can add up to major aesthetic upgrades. Adding this anodized, billet aluminum front reservoir cap is a great way to upgrade the look of your Zero with a premium touch. As the saying goes, the devil is in the details.

REAR RESERVOIR CAP (QUICKSTRIKE)

25-08214

It's the little things that can add up to major aesthetic upgrades. Adding this anodized, billet aluminum rear reservoir cap is a great way to upgrade the look of your Zero with a premium touch. As the saying goes, the devil is in the details.

Coming Winter 2023.

BRAKE LEVER (QUICKSTRIKE)

25-08212

Our Quickstrike Lever adds a visual highlight while providing technical and ergonomic value.

- CNC-machined from high-strength aluminum
- Tough, black anodized surface finish
- Lever folds away upwards in the event of a crash
- Adjustable grip width
- Adjustable lever length

Coming Winter 2023.

BLACK PASSENGER MOUNTS

10-08367

For those who prefer the blacked-out look, adding these high-quality black finish powder-coated passenger mounts to your bike does the trick. We also offer an array of other black finished components to completely overhaul your bike's aesthetic.

Coming Winter 2023.

BLACK RIDER REAR SETS

10-08370

For those who prefer the blacked-out look, adding these high-quality black finish powder-coated rear sets to your bike does the trick. We also offer an array of other black finished components to completely overhaul your bike's aesthetic.

Coming Winter 2023.

FOG LIGHTS

10-08290

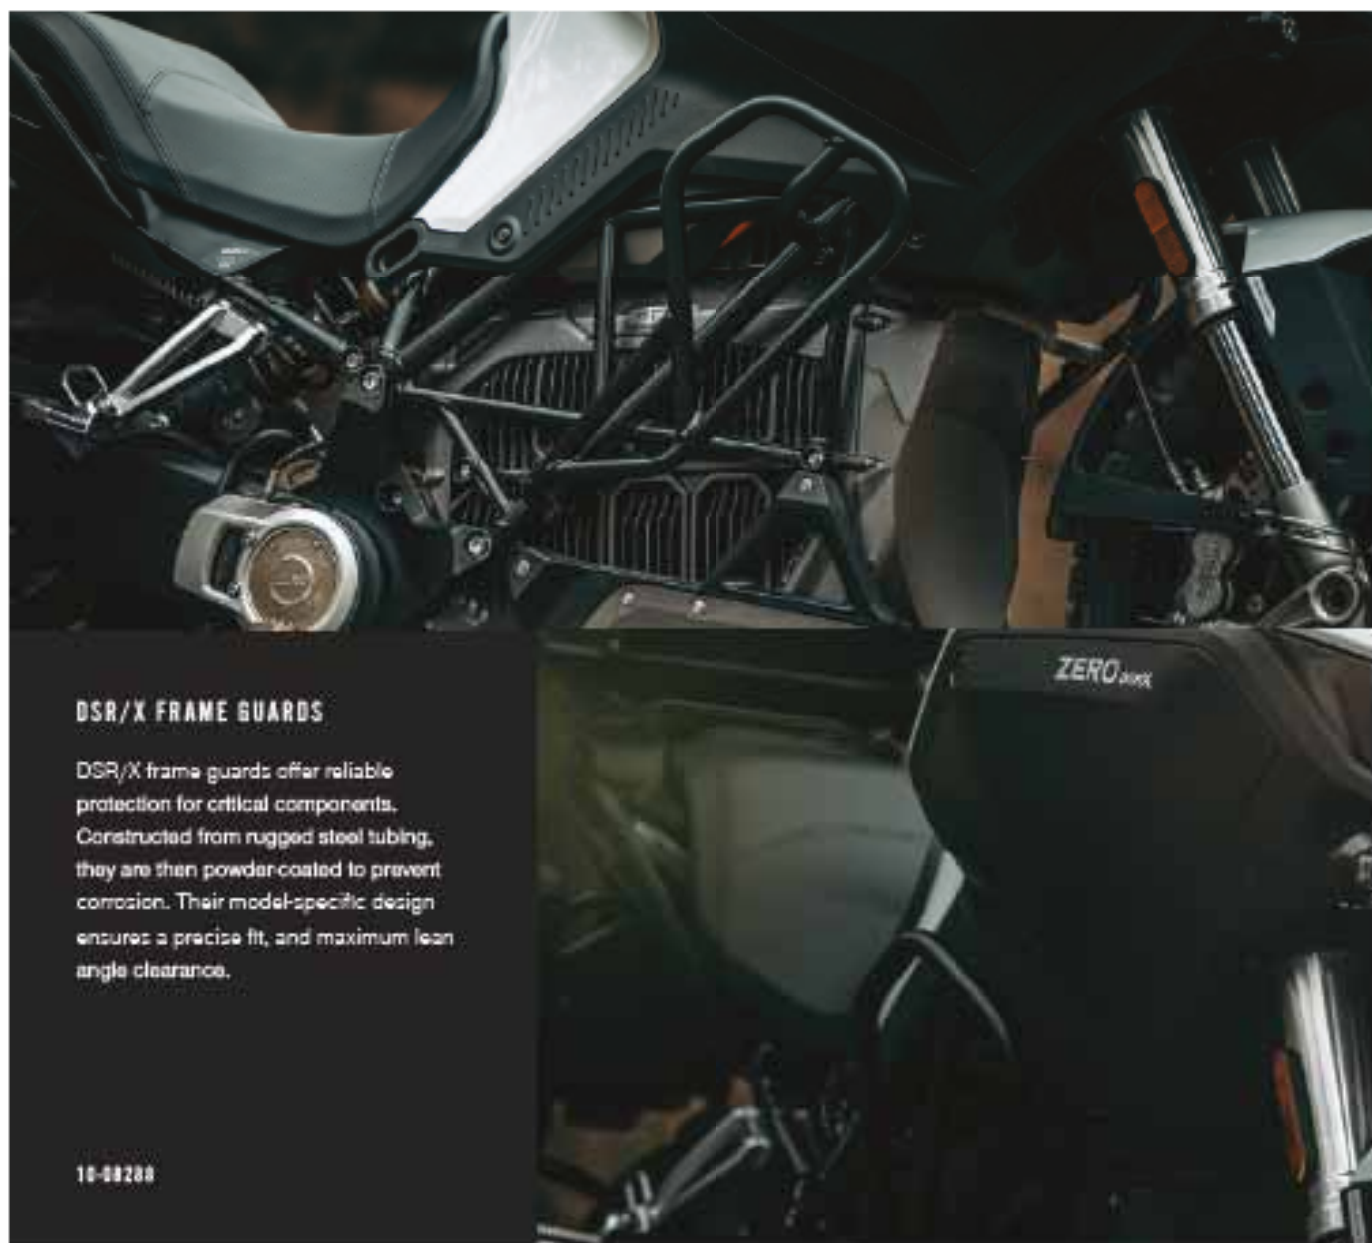

When you must ride in harsh weather conditions, every little safety advantage counts. Gain extra visibility when traversing through the fog or rain with low visibility. These Fog Lights are designed to mount neatly on the underside of the front fairing.

AGGRESSIVE FOOTPEGS KIT

10-07423

Designed by Pro Taper, our aggressive footpegs increase the rugged profile of your DS, DSR, FX or FXS. They offer hard anodized billet aluminum cleats, a stainless steel platform base, and the exclusive Pro Taper traction arch cleat design.

DSR/X FRAME GUARDS

DSR/X frame guards offer reliable protection for critical components. Constructed from rugged steel tubing, they are then powder-coated to prevent corrosion. Their model-specific design ensures a precise fit, and maximum lean angle clearance.

10-08288

WIRE WHEELS

23-08197 REAR
23-08152 FRONT

Ready to step up your adventure touring game and get deeper into nature? Upgrade your bike's appearance and ability to take on the harshest of off-road conditions. These high-quality, wire-spoked wheels will transform your Zero into a more rugged and durable off-roading machine.

Coming Spring 2023.

SKID PLATE

10-08333

There's no better way to protect the bottom of your frame and battery than the DSR/X Skid Plate. Made from 5052-H32 aluminum, this Skid Plate is built to shield your bike from the constant abuse that occurs while riding off-road.

PERFORMANCE

PIRELLI SCORPION RALLY TIRES

23-08149 FRONT 120/70R19
23-08150 REAR 170/60R17

The on/off-road touring tire for riders looking for a knobby tire and who require demanding grip on-road as well as added traction off-road. These tires provide safety in wet conditions and comfort whether you are on-road or off.

ADVENTURE CHAIN KIT

10-08287

Planning on taking your Zero in the deep mud or on even more severe off-road terrain? The Zero Enhanced Chain Kit offers high durability against extreme elements.

Coming Winter 2023.

ADVENTURE UNLEASHED

The Zero DSR is an amped-up version of the Zero DS, bringing unprecedented levels of power and torque to the world's most versatile electric motorcycle.

STORAGE

SW-MOTECH ION CASES (BLACK FOREST)

These durable and sleek touring cases are suited for any riding situation and offer premium protection from the elements as well as easy handling. The SW-Motech Ion Cases are waterproof, designed for the best cornering clearance, and made with a beautiful, robust finish of 1.5 mm aluminum welded into a single piece. Top case capacity is 38 liters and side cases are 37 liters each.

10-08357 RACK ASSEMBLY
10-08358 RACK ASSEMBLY WITH CASES

SIDE CASE RACK KIT

10-08048 RACK KIT

Zero Motorcycles designed the black powder coated steel Side Rack system to bolt directly into the frame of your Zero S, SR (2014-2021), DS or DSR. This kit includes the necessary hardware to mount Givi Monokey side cases, E22N, and Givi Trekker Dolomiti 30LT DLM30A. This kit can be used in conjunction with our Top Rack Kit.

ZERO MOJAVI SADDLEBAGS

Increase your riding endurance and comfort by replacing your backpack with the Zero Mojavi Saddlebags. It's a rackless, rugged saddlebag with two 3-liter side pockets designed to transport the essentials. Adventure Proof, sewn construction uses rugged materials that resist water, mud, snow and dust. A Pronghorn Strap is included.

24-08785

ZERO HANDLEBAR BAG

Keep the things you need quick access to when you're out on the road with this durable Zero Handlebar Bag. It's made with military spec materials and construction with a volume of 1.5 liters for storing the basics like your phone, wallet, registration, and other small items.

Coming Winter 2023.

24-08786

ZERO POSSIBLES POUCH

With 3.5-liters of packable volume, this super-rugged, universal roll-top Possible Pouch provides enough capacity to carry essentials for any adventure a Zero motorcycle may take you on. This bag is 100% waterproof.

24-08787

ZERO PRONGHORN STRAPS

These multi-purpose polyurethane cargo straps feature virtually unbreakable fasteners that can secure nearly anything to your bike. The Zero Pronghorn Straps come in a pair that are 25 inches long each with plenty of stretch and perfect for securing the Zero Mojavi Saddlebags to your bike's rear fender.

24-08788

TOP RACK KIT

The black powder coated steel Top Rack Kit is designed to bolt directly into the frame of your S, SR (2014-2021), DS or DSR.

Note: The Top Rack Kit can accept hardware for GIVI E340, TREK33, DLM30A, and the E251 Universal Adapter Plate.

18-08821

COMMUTER SCREEN KIT

10-05722

The Commuter Screen provides maximum wind deflection, adding further practicality to your Zero. This screen enhances rider comfort at freeway speeds by improving wind flow without requiring you to tuck. Created in partnership with leading motorcycle screen manufacturer, MRA, the Commuter Screen is designed to last.

DUAL SPORT SCREEN

10-08246

The Dual Sport Screen provides wind deflection while adding to the long-range comfort and rugged look of the 2013-2023 Zero DS or DSR. Designed in partnership with leading windscreen manufacturer MRA, the Dual Sport Screen is robust and deflects airflow away from your torso while in a standing position and away from your shoulders while seated.

ZERO HANDGUARDS BY CYCRA

10-08060 BLACK
10-08061 WHITE

Protect your hands from trees, brush, and rocks with the Zero Hand Guards. Designed by Cycra Racing, the black anodized bars and handlebar clamps integrate neatly onto your motorcycle's handlebars. In the event of a crash, the handguards serve to protect your brake lever as well as other handlebar controls.

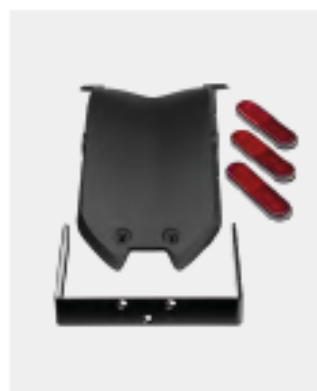

ZERO TANK GRIPS BY TECHSPEC

10-08245

Zero Tank Grips were developed in cooperation with TechSpec. Made from their premium 0.125 inch thick Snake Skin material and a low profile diamond pattern, the tank grips feature TechSpec's proprietary releasable adhesive. These properties provide unparalleled grip and increased control while improving rider comfort.

RAIN GUARD KIT

10-08093

If you're an all-weather rider, the Rain Guard is a great addition to your Zero motorcycle. This durable plastic rear fender limits spray and splatter from the rear tire while increasing comfort and cleanliness in inclement conditions. The Rain Guard comes with all parts required for installation.

TOURING SCREEN KIT

The Touring Screen offers our highest degree of wind and weather deflection, further enhancing rider comfort. Turbulence is minimized by the use of an adjustable spoiler. Manufactured by MRA, the Touring Screen is made from specially modified material that is nearly unbreakable.

Designed by Zero Motorcycles to fit your Zero S, SR (2014-2021), DS or DSR motorcycle, model years 2013 and newer. The Touring Screen comes with all required parts for installation and mounts easily to the handlebar risers.

10-08058

TOURING SEAT ASSEMBLY

The Touring Seat was designed by Zero Motorcycles for riders who enjoy taking the long way. Dual-layer foam offers increased comfort and performance for both rider and pillion. The subtle design details and double-stitched fabric give this seat a premium aesthetic at an affordable price. The Touring Seat installs easily and is a direct replacement for the original seat.

24-08451

POWER

Z-FORCE® ZF3.6 POWER TANK

Gain an additional 3.6 kWh of battery capacity with this dealer-installed accessory. Zero's Power Tank extends your motorcycle's range by installing an extra power pack in place of the tank storage compartment. The Power Tank is not compatible with motorcycles equipped with the 6kW Charge Tank.

10-08207

SEE PAGE 30 FOR COLOR OPTIONS.

6KW CHARGE TANK

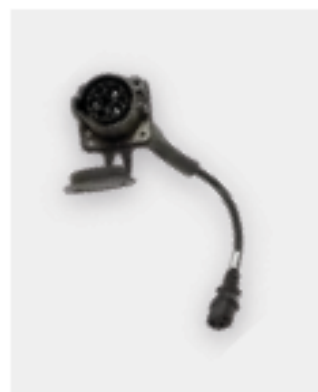

Charge 6x faster using the 6kW Charge Tank combined with Level 2 charging stations. This dealer-installed accessory complements the standard on-board charger of 2015-2023 Zero motorcycles, reducing typical charge times to 1-2 hours. The Charge Tank is not compatible with motorcycles equipped with the Power Tank accessory.

10-08257 NORTH AMERICA

10-08259 EUROPE

SEE PAGE 30 FOR COLOR OPTIONS.

J1772 CHARGING ADAPTER

10-03267

The SAE J1772 Charging Adapter allows you to charge your Zero using applicable public electric vehicle charging stations. The charging adapter plugs directly into the standard charging port of applicable models and does not require any installation or modification of your motorcycle. Note: The SAE J1772 Charging Adapter will not reduce your charge time.

QUICK CHARGER

10-06919 NORTH AMERICA 96V
10-08186 EUROPE
10-06920 HONG KONG, UNITED KINGDOM
10-08050 SOUTH AFRICA

The 96-volt Quick Charger can be used for either motorcycle quick charging or off-board power pack charging of 2013-2023 Zero motorcycles. The North American Quick Charger kit, and the Quick Charger (96 Volt) UK and Hong Kong kits include a cord approved for use in their respective countries.

DELTA Q Y CHARGING ADAPTER KIT

10-05739

The Quick Charger Y Adapter allows you to charge your motorcycle with multiple Quick Chargers to significantly reduce charge times. This adapter was designed specifically for use with 2016-2023 Zero motorcycles.

12V W ACCESSORY ADAPTER KIT

10-05740

Zero models ranging from 2013 to present each have a single Sumitomo accessory power port. The 12V W Accessory Adapter Kit is required to install multiple power accessories such as the Heated Grips, Heated Seat, and the 12V Accessory Socket Kit.

12V ACCESSORY SOCKET KIT

10-07504

Charge a GPS, smartphone, or media player using the Zero Motorcycles 12V Accessory Socket Kit. Designed to connect directly to your motorcycle's power port harness, the accessory socket enables you to charge small devices that have a cigarette lighter plug. The accessory outlet is rated up to 10 amps/120 watts.

LED TURN SIGNAL SET

These LED turn signals provide increased brightness and visibility, without straying too far from the OEM look.

Features:

FRAME PROTECTION BAR ACCESSORIES KIT

The Dual Sport Drop Bars were designed by Zero Motorcycles to meet the demands of our police and military riders. Manufactured using black powder-coated steel, they provide the DS and DSR with extra protection from damage caused during tip over events. The drop bars include a metal skid plate.

10-08123

HEADLIGHT GRILL

The Headlight Grill is designed to add off-road style and protection from trail hazards and flying debris, reducing the chance of damage to the factory headlight. Manufactured from powder-coated steel, the Headlight Grill comes with all required mounting hardware.

26-08350

AGGRESSIVE FOOTPEGS KIT

Designed by Pro Taper, our aggressive footpegs increase the rugged profile of your DS, DSR, FX or FXS. They offer hard anodized billet aluminum cleats, a stainless steel platform base, and the exclusive Pro Taper traction arch cleat design.

10-07423

B-LUX MIRRORS (QUICKSTRIKE)

It's the little things that can add up to major aesthetic upgrades. Carefully crafted from anodized aluminum from Barracuda, these Quickstrike B-Lux Mirrors add a premium aesthetic to your bike. As the saying goes, the devil is in the details. Sold in pairs.

Zero Tank Grips were developed in cooperation with TechSpec. Made from their premium 0.124 inch thick Snake Skin material and a low profile diamond pattern, the tank grips feature TechSpec's proprietary releasable adhesive. These properties provide unparalleled grip and increased control while improving rider comfort by decreasing pressure on wrists, elbows and shoulders.

10-00245

TOURING SCREEN KIT

The Touring Screen offers our highest degree of wind and weather deflection, further enhancing rider comfort. Turbulence is minimized by the use of an adjustable spoiler. Manufactured by MRA, the Touring Screen is made from specially modified material that is nearly unbreakable.

Designed by Zero Motorcycles to fit your Zero S, SR (2014-2021), DS or DSR motorcycle, model years 2013 and newer. The Touring Screen comes with all required parts for installation and mounts easily to the handlebar risers.

10-00058

Z-FORCE® ZF3.6 POWER TANK

Gain an additional 3.6 kWh of battery capacity with this dealer-installed accessory. Zero's Power Tank extends your motorcycle's range by installing an extra power pack in place of the tank storage compartment. The Power Tank is not compatible with motorcycles equipped with the 6kW Charge Tank.

10-08208

SEE PAGE 40 FOR COLOR OPTIONS.

6kW CHARGE TANK

Charge 6x faster using the 6kW Charge Tank combined with Level 2 charging stations. This dealer-installed accessory complements the standard on-board charger of 2015-2023 Zero motorcycles, reducing typical charge times to 1-2 hours. The Charge Tank is not compatible with motorcycles equipped with the Power Tank accessory.

10-08258 NORTH AMERICA

10-08260 EUROPE

SEE PAGE 40 FOR COLOR OPTIONS.

J1772 CHARGING ADAPTER

The SAE J1772 Charging Adapter allows you to charge your Zero using applicable public electric vehicle charging stations. The charging adapter plugs directly into the standard charging port of applicable models and does not require any installation or modification of your motorcycle.

10-03267

QUICK CHARGER

The 96-volt Quick Charger can be used for either motorcycle quick charging or off-board power pack charging of 2013-2023 Zero motorcycles. The North American Quick Charger kit, and the Quick Charger (96 Volt) UK and Hong Kong kits include a cord approved for use in their respective countries.

FRAME PROTECTION BAR ACCESSORIES KIT

10-08123

The Dual Sport Drop Bars were designed by Zero Motorcycles to meet the demands of our police and military riders. Manufactured using black powder-coated steel, they provide the DS and DSR with extra protection from damage caused during tip over events. The drop bars include a metal skid plate.

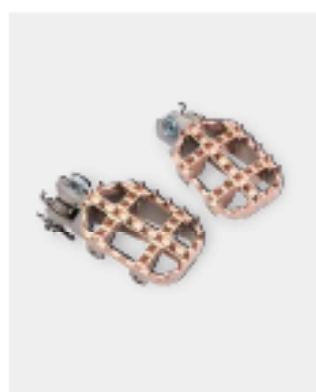

HEADLIGHT GRILL

26-08350

The Headlight Grill is designed to add off-road style and protection from trail hazards and flying debris, reducing the chance of damage to the factory headlight. Manufactured from powder-coated steel, the Headlight Grill comes with all required mounting hardware.

AGGRESSIVE FOOTPEGS KIT

10-07423

Designed by Pro Taper, our aggressive footpegs increase the rugged profile of your DS, DSR, FX or FXS. They offer hard anodized billet aluminum cleats, a stainless steel platform base, and the exclusive Pro Taper traction arch cleat design.

PERFORMANCE

ZERO CHAIN KIT

10-08127 SPLINED SHAFT (2017-2023)

ZERO MOJAVI SADDLEBAGS

24-08785

Increase your riding endurance and comfort by replacing your backpack with the Zero Mojavi Saddlebags. It's a rackless, rugged saddlebag with two six-liter side pockets designed to transport the essentials. Adventure Proof, sewn construction uses rugged materials that resist water, mud, snow and dust. A Pronghorn Strap is included.

ZERO HANDLEBAR BAG

24-08786

Keep the things you need quick access to when you're out on the road with this durable Zero Handlebar Bag. It's made with military spec materials and construction with a volume of 1.5 liters for storing the basics like your phone, wallet, registration, and other small items.

Coming Winter 2023.

ZERO POSSIBLES POUCH

24-08787

With 3.5-liters of packable volume, this super-rugged, universal roll-top Possibles Pouch provides enough capacity to carry essentials for any adventure a Zero motorcycle may take you on. This bag is 100% waterproof.

ZERO PRONGHORN STRAPS

24-08788

These multi-purpose polyurethane cargo straps feature virtually unbreakable fasteners that can secure nearly anything to your bike. The Zero Pronghorn Straps come in a pair that are 25 inches long each with plenty of stretch and perfect for securing the Zero Mojavi Saddlebags to your bike's rear fender.

TOP BOX RACK KIT

The Zero FX Top Box Rack Kit was designed by Zero Motorcycles to meet rugged demands. It offers integrated passenger grab rails and enables you to mount your own top box. The rack is manufactured using black powder coated steel and is designed to provide Zero FX and FXS riders with extra protection from damage caused during tip over events.

WHITE RACK KIT	10-08020
BLACK RACK KIT	10-08020-1
DUNE RACK KIT	10-08020-22
SLATE RACK KIT	10-08020-23

COMFORT

COMMUTER SCREEN KIT

10-05722

The Commuter Screen provides maximum wind deflection, adding further practicality to your Zero. This screen enhances rider comfort at freeway speeds by improving wind flow without requiring you to tuck. Created in partnership with leading motorcycle screen manufacturer, MRA, the Commuter Screen is designed to last.

ZERO HANDGUARDS BY CYCRA

10-08060 BLACK
10-08061 WHITE

Protect your hands from trees, brush, and rocks with the Zero Hand Guards. Designed by Cycra Racing, the black anodized bars and handlebar clamps integrate neatly onto your motorcycle's handlebars. In the event of a crash, the handguards serve to protect your brake lever as well as other handlebar controls.

POWER

ZF3.6 POWER PACK MODULE

46-08388

Zero Motorcycles is the first electric motorcycle manufacturer to feature available hot-swappable modules. This optional system allows the Zero FX and FXS to be ridden using either one or two ZF3.6 modules. Modules can be moved between compatible motorcycles quickly, without concern regarding the state-of-charge or relative age of the accompanying module.

OFF-BIKE MODULE CHARGING ADAPTER KIT

10-07601 2014-2023

The Power Pack Module Charging Adapter is required to charge your ZF3.3 or ZF3.6 Power Pack Modules when removed from your motorcycle. The adapter is used in conjunction with a Quick Charger.

QUICK CHARGER

10-06919 NORTH AMERICA 96V
10-08186 EUROPE
10-06920 HONG KONG, UNITED KINGDOM
10-08050 SOUTH AFRICA

TOP RACK KIT

The black powder coated steel Top Rack Kit is designed to bolt directly into the frame of your S, SR (2014-2021), DS or DSR.

Note: The Top Rack Kit does not include hardware for GIVI Cases, but can accept hardware for GIVI E340, TREK33, DLM30A, and the E251 Universal Adapter Plate.

10-08921 (2014-2021)

SIDE CASE RACK KIT

Zero Motorcycles designed the black powder coated steel Side Rack system to bolt directly into the frame of your Zero S, SR (2014-2021), DS or DSR. This kit includes the necessary hardware to mount GIVI Monokey side cases, E22N, and GIVI Trekker Dolomiti 30LT DLM30A. This kit can be used in conjunction with our Top Rack Kit.

10-08040 RACK KIT (2014-2021)

ZERO MOJAVI SADDLEBAGS

Increase your riding endurance and comfort by replacing your backpack with the Zero Mojavi Saddlebags. It's a rackless, rugged saddlebag with two six-liter side pockets designed to transport the essentials. Adventure Proof, sewn construction uses rugged materials that resist water, mud, snow and dust. A Pronghorn Strap is included.

24-08785 (2014-2021)

ZERO HANDLEBAR BAG

Keep the things you need quick access to when you're out on the road with this durable Zero Handlebar Bag. It's made with military spec materials and construction with a volume of 1.5 liters for storing the basics like your phone, wallet, registration, and other small items.

Coming Winter 2023.

24-08786 (2014-2021)

ZERO POSSIBLES POUCH

With 3.5-liters of packable volume, this super-rugged, universal roll-top Possibles Pouch provides enough capacity to carry essentials for any adventure a Zero motorcycle may take you on. This bag is 100% waterproof.

24-08787 (2014-2021)

ZERO PRONGHORN STRAPS

These multi-purpose polyurethane cargo straps feature virtually unbreakable fasteners that can secure nearly anything to your bike. The Zero Pronghorn Straps come in a pair that are 25 inches long each with plenty of stretch and perfect for securing the Zero MoJavi Saddlebags to your bike's rear fender.

24-08788 (2014-2021)

COMFORT

TOURING WINDSCREEN

Built for the long-haul, the Touring Windscreen offers the highest degree of wind and weather deflection, further enhancing rider comfort. This screen is designed for fatigue-free traveling on long trips and attaches to the same mounting location as the OEM windscreen.

10-08299 TOURING (2022-2023)

SPORT WINDSCREEN

Built for the long-haul, the Windscreen assembly offers greater wind protection for relaxed, fatigue-free long trips. Less turbulence around the helmet and neck area increases rider comfort. This screen is designed to mount to the same mounting location as the OEM windscreen.

10-08298 SPORT (2022-2023)

COMMUTER SCREEN KIT

The Commuter Screen provides maximum wind deflection, adding further practicality to your Zero. This screen enhances rider comfort at freeway speeds by improving wind flow without requiring you to tuck. Created in partnership with leading motorcycle screen manufacturer, MRA, the Commuter Screen is designed to last.

10-05722 (2014-2021)

HEATED GRIPS UPGRADE KIT

Crank up the heat with Zero's Heated Grips Upgrade Kit. Both grips plug into the existing harnesses and draw power directly from the power distribution unit. They are fully integrated, controlled by the existing switchgear and dash functionality. The right-side grip is co-molded with the throttle to eliminate any chance of slippage.

10-08254 (2022-2023)

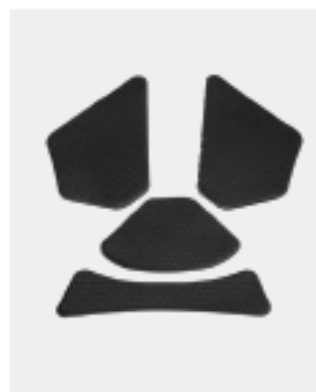

ZERO HANDGUARDS BY CYCRA

10-08060 BLACK (2014-2021)
10-08061 WHITE (2014-2021)

Protect your hands from trees, brush, and rocks with the Zero Hand Guards. Designed by Cycra Racing, the black anodized bars and handlebar clamps integrate neatly onto your motorcycle's handlebars. In the event of a crash, the handguards serve to protect your brake lever as well as other handlebar controls.

ZERO TANK GRIPS BY TECHSPEC

27-08193 (2022-2023)

Zero Tank Grips were developed in cooperation with TechSpec. Made from their premium 0.125 inch thick Snake Skin material and a low profile diamond pattern, the tank grips feature TechSpec's proprietary releasable adhesive. These properties provide unparalleled grip and increased control while improving rider comfort by decreasing pressure on wrists, elbows and shoulders.

ZERO TANK GRIPS BY TECHSPEC

10-08125 OLD LOGO (2014-2021)
10-08244 NO LOGO (2014-2021)

Zero Tank Grips were developed in cooperation with TechSpec. Made from their premium 0.125 inch thick Snake Skin material and a low profile diamond pattern, the tank grips feature TechSpec's proprietary releasable adhesive. These properties provide unparalleled grip and increased control while improving rider comfort.

RIDER SEAT ASSEMBLY KIT

27-08096 LOW (2022-2023)
27-08107 HIGH (2022-2023)

Raise or lower your seat height by approximately one inch from the standard height of 31 inches. The UV stable seat skin minimizes deformation over time and is resistant to temperature changes, while the smooth and patterned surfaces offer a balance between grip and movement.

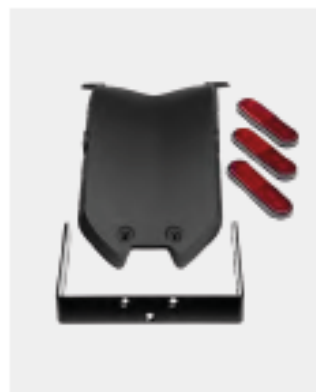

TOURING SEAT ASSEMBLY

24-08451 (2014-2021)

The Touring Seat was designed by Zero Motorcycles for riders who enjoy taking the long way. Dual-layer foam offers increased comfort and performance for both rider and pillion. The subtle design details and double-stitched fabric give this seat a premium aesthetic at an affordable price. The Touring Seat installs easily and is a direct replacement for the original seat.

RAIN GUARD KIT

10-08093 (2014-2021)

If you're an all-weather rider, the Rain Guard is a great addition to your Zero motorcycle. This durable plastic rear fender limits spray and splatter from the rear tire while increasing comfort and cleanliness in inclement conditions. The Rain Guard comes with all parts required for installation.

TOURING SCREEN KIT

The Touring Screen offers our highest degree of wind and weather deflection, further enhancing rider comfort. Turbulence is minimized by the use of an adjustable spoiler. Manufactured by MRA, the Touring Screen is made from specially modified material that is nearly unbreakable.

Designed by Zero Motorcycles to fit your Zero S, SR (2014-2021), DS or DSR motorcycle, model years 2013 and newer. The Touring Screen comes with all required parts for installation and mounts easily to the handlebar risers.

10-08058

POWER

6KW RAPID CHARGER STREET

Charge 2-3x faster with this dealer-installed accessory. Zero's Rapid Charger adds 6kW of charging power to your motorcycle, significantly reducing time to recharge to about 1-2 hours. The Rapid Charger is not compatible with motorcycles equipped with the Power Tank accessory.

Coming Winter 2023.

10-08363 NORTH AMERICA (2022-2023)

10-08373 EUROPE (2022-2023)

6KW CHARGE TANK

Charge 6x faster using the 6kW Charge Tank combined with Level 2 charging stations. This dealer-installed accessory complements the standard on-board charger of 2015-2023 Zero motorcycles, reducing typical charge times to 1-2 hours. The Charge Tank is not compatible with motorcycles equipped with the Power Tank accessory.

10-08255 EUROPE (2015-2021)

SEE PAGE 84 FOR COLOR OPTIONS.

Z-FORCE® ZF3.6 POWER TANK

Gain an additional 3.6 kWh of battery capacity with this dealer-installed accessory. Zero's Power Tank extends your motorcycle's range by installing an extra power pack in place of the tank storage compartment. The Power Tank is not compatible with motorcycles equipped with the 6kW Charge Tank.

10-08203 (2015-2021)

SEE PAGE 84 FOR COLOR OPTIONS.

J1772 CHARGING ADAPTER

The SAE J1772 Charging Adapter allows you to charge your Zero using applicable public electric vehicle charging stations. The charging adapter plugs directly into the standard charging port of applicable models and does not require any installation or modification of your motorcycle.

10-03267 (2014-2021)

QUICK CHARGER

The 96-volt Quick Charger can be used for either motorcycle quick charging or off-board power pack charging of 2013-2023 Zero motorcycles. The North American Quick Charger kit, and the Quick Charger (96 Volt) UK and Hong Kong kits include a cord approved for use in their respective countries.

10-06919 NORTH AMERICA 96V (2014-2021)
 10-08186 EUROPE (2014-2021)
 10-06920 HONG KONG, UNITED KINGDOM (2014-2021)
 10-08050 SOUTH AFRICA (2014-2021)

DELTA Q Y CHARGING ADAPTER KIT

The Quick Charger Y Adapter allows you to charge your motorcycle with multiple Quick Chargers to significantly reduce charge times. This adapter was designed specifically for use with 2016-2023 Zero motorcycles.

10-05739 (2016-2021)

12V W ACCESSORY ADAPTER KIT

Zero models ranging from 2013 to present each have a single Sumitomo accessory power port. The 12V W Accessory Adapter Kit is required to install multiple power accessories such as the Heated Grips, Heated Seat, and the 12V Accessory Socket Kit.

10-05740

12V ACCESSORY SOCKET KIT

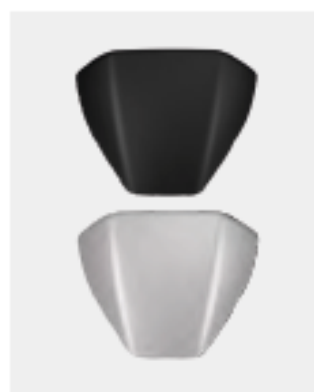

Charge a GPS, smartphone, or media player using the Zero Motorcycles 12V Accessory Socket Kit. Designed to connect directly to your motorcycle's power port harness, the accessory socket enables you to charge small devices that have a cigarette lighter plug. The accessory outlet is rated up to 10 amps/120 watts.

10-07504 (2014-2021)

ALUMINUM FLY SCREEN (QUICKSTRIKE)

Designed to enhance the front-end aesthetic of the Zero SR/F, the Aluminum Fly Screen provides a premium and aggressive aesthetic with optimized aerodynamics. Engineered to mount easily in front of the dash using the existing Fly Screen mounting hardware.

24-08617-1 BLACK (2022-2023)
24-08617-2 SILVER (2022-2023)

ALUMINUM BAR ENDS

Made from 6061 aluminum, these bar ends match both the standard silver or black rearsets and footpegs on all Zero models. Sold as a pair, each kit is compatible with all 7/8" standard handlebars.

10-08223-1 BLACK
10-08223-2 SILVER

B-LUX BAR ENDS (QUICKSTRIKE)

It's the little things that can add up to major aesthetic upgrades. Carefully crafted from anodized aluminum by Barracuda, these B-Lux bar ends add a little extra flare. As the saying goes, the devil is in the details. Sold in pairs and compatible with all Zero OE bars.

27-08244

B-LUX LEVER PROTECTOR (QUICKSTRIKE)

Don't leave yourself open to vulnerabilities and the need to spend money on replacement parts. Protect your lever from unintentional ground contact or operation from other riders. The anodized, CNC-milled billet aluminum provides an elegant, racing aesthetic. Compatible with all of Zero's standard 7/8" handlebars. One lever protector included.

27-08243

B-LUX MIRRORS (QUICKSTRIKE)

It's the little things that can add up to major aesthetic upgrades. Carefully crafted from anodized aluminum from Barracuda, these Quickstrike B-Lux Mirrors add a premium aesthetic to your bike. As the saying goes, the devil is in the details. Sold in pairs.

27-08245

LED TURN SIGNAL SET

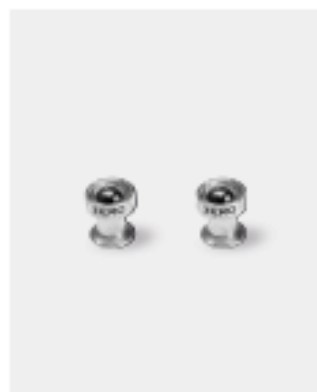

These LED turn signals provide increased brightness and visibility, without straying too far from the OEM look.

Features:

- 6 ultra-bright LED lights per signal
- Soft stem design
- M8 threading
- Sold as a pair

10-08386-1 CLEAR
10-08386-2 SMOKED
45-08281 LED FLASHER UNIT (REQUIRED 2014-2021)

SIDE CASE RACK KIT

10-08040 RACK KIT

Zero Motorcycles designed the black powder coated steel Side Rack system to bolt directly into the frame of your Zero S, SR (2014-2021), DS or DSR. This kit includes the necessary hardware to mount Givi Monokey side cases, E22N, and Givi Trekker Dolomiti 30LT DLM30A. This kit can be used in conjunction with our Top Rack Kit.

ZERO MOJAVI SADDLEBAGS

24-08785

Increase your riding endurance and comfort by replacing your backpack with the Zero Mojavi Saddlebags. It's a rackless, rugged saddlebag with two six-liter side pockets designed to transport the essentials. Adventure Proof, sewn construction uses rugged materials that resist water, mud, snow and dust. A Pronghorn Strap is included.

ZERO HANDLEBAR BAG

24-08786

Keep the things you need quick access to when you're out on the road with this durable Zero Handlebar Bag. It's made with military spec materials and construction with a volume of 1.5 liters for storing the basics like your phone, wallet, registration, and other small items.

Coming Winter 2023.

ZERO POSSIBLES POUCH

24-08787

With 3.5-liters of packable volume, this super-rugged, universal roll-top Possibles Pouch provides enough capacity to carry essentials for any adventure a Zero motorcycle may take you on. This bag is 100% waterproof.

ZERO PRONGHORN STRAPS

24-08788

These multi-purpose polyurethane cargo straps feature virtually unbreakable fasteners that can secure nearly anything to your bike. The Zero Pronghorn Straps come in a pair that are 25 inches long each with plenty of stretch and perfect for securing the Zero Mojavi Saddlebags to your bike's rear fender.

TOP RACK KIT

Zero Motorcycles designed the black powder-coated steel top rack system to bolt directly into the frame of your Zero. This kit includes the necessary hardware to mount a Top Box by GIVI. This kit can be used in conjunction with the Side Case Rack Kit.

10-06921

COMFORT

COMMUTER SCREEN KIT

The Commuter Screen provides maximum wind deflection, adding further practicality to your Zero. This screen enhances rider comfort at freeway speeds by improving wind flow without requiring you to tuck. Created in partnership with leading motorcycle screen manufacturer, MRA, the Commuter Screen is designed to last.

10-05722

ZERO HANDGUARDS BY CYCRA

Protect your hands from trees, brush, and rocks with the Zero Hand Guards. Designed by Cycra Racing, the black anodized bars and handlebar clamps integrate neatly onto your motorcycle's handlebars. In the event of a crash, the handguards serve to protect your brake lever as well as other handlebar controls.

The used crystal is 0.5mm thick and is combined with a strong and long-lasting adhesive, specifically designed for off-road use. Silk-screen printing realized with resistant and shiny inks.

AGGRESSIVE FOOTPEGS KIT

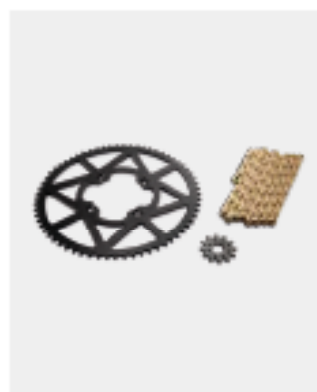

10-07423

Designed by Pro Taper, our aggressive footpegs increase the rugged profile of your DS, DSR, FX or FXS. They offer hard anodized billet aluminum cleats, a stainless steel platform base, and the exclusive Pro Taper traction arch cleat design.

PERFORMANCE

ZERO CHAIN KIT

Planning on taking your Zero in the deep mud or on even more severe off-road terrain? The Zero Enhanced Chain Kit offers high durability against extreme elements.

Please consult your dealer to ensure that the swing arm of your motorcycle has a lower chain guide to support this accessory.

ZERO SMARTPHONE MOUNT BY RAM®

10-05736 ALL MODELS

The Zero Smartphone Mount was developed by RAM® Mounts and uses their X-Grip® technology to securely hold most mobile phones and handheld devices in place. Designed for convenience, X-Grip® allows you to very quickly mount or remove your phone with your gloves on. The minimalist design holds the phone in place using rubber-padded metal arms.

PHONE MOUNT

10-08059

The Zero Motorcycles Phone mount uses a ball-in-socket connection between its smartphone cradle and handlebar clamp for dialing in the perfect viewing angle. The supplied handlebar shims accommodate bar diameters ranging from 7/8" to 1-1/4".

Coming Winter 2023.

12V USB PORT

40-08144 [FX, FXE, FXS]

When you are out on the road, the need to be in communication is critical and a dead cell phone battery is simply not acceptable. Conveniently keep your phone or other electronic devices charged while you ride with the 12v USB Port. This USB port also includes a protection cover.

TWO TONE MUG

11-08203

Two tone design with a black glossy body and nature baked natural clay bottom. These microwave-safe santos ceramic mugs are a delightful addition to your coffee table and would make a great gift for any Zero owner or fan.

WATER BOTTLE

11-08200

Hydration is imperative especially when you are on the go in both warm and cooler weather. The Zero Motorcycles, 17oz stainless steel water bottle is double-walled to keep your drink hot or cold. It also includes a carabiner for added portability.

GATES BELT TENSION CLICK GAUGE

10-04627 ALL MODELS

Maximize the performance and service life of your belt by monitoring its tension with the Gates Krikt | V-Belt Tension Gauge. The Krikt | simplifies the measurement of optimum tension. The scale indicates the tension in both kilograms and pounds.

ZERO WHEEL CHOCK

10-08364

The Zero Wheel Chock was designed to fit the front tire on most standard road and sport bikes. Our innovative clamping design provides ease of entry and great clamping force for unmatched stability. This Wheel Chock is the industry standard and is used by professionals everywhere.

ZERO MOTORCYCLES GARAGE MAT

10-08378

Protect your garage and carve out your dedicated parking spot with the Zero Motorcycles Garage Mat. This mat is 78 x 36 inches and made from durable nylon with a rubberized back.

PARKING BRAKE KIT

10-08131 DSR (2017-2023), DS (2017-2023),
SR (2017-2021) S (2017-2023)
10-08172 DSR (2016), DS (2015-2016)
SR (2015-2016), S (2015-2016)

Zero designed the Parking Brake Kit to meet the steepest demands of riders. When engaged, the Parking Brake Kit utilizes the rear brake disc to keep your bike firmly planted, reducing the chance of rolling. The new caliper fits securely in place on the rear brake assembly and is operated by the hand brake lever mounted to the handlebars.

PARKING BRAKE KIT

10-08132 FX (2017-2023), FXE (2022-2023), FXS (2017-2023)
10-08173 FX (2015-2016), FXS (2016)

Zero designed the Parking Brake Kit to meet the steepest demands of riders. When engaged, the Parking Brake Kit utilizes the rear brake disc to keep your bike firmly planted, reducing the chance of rolling. The new caliper fits securely in place on the rear brake assembly and is operated by the hand brake lever mounted to the handlebars.

FOR THE GARAGE

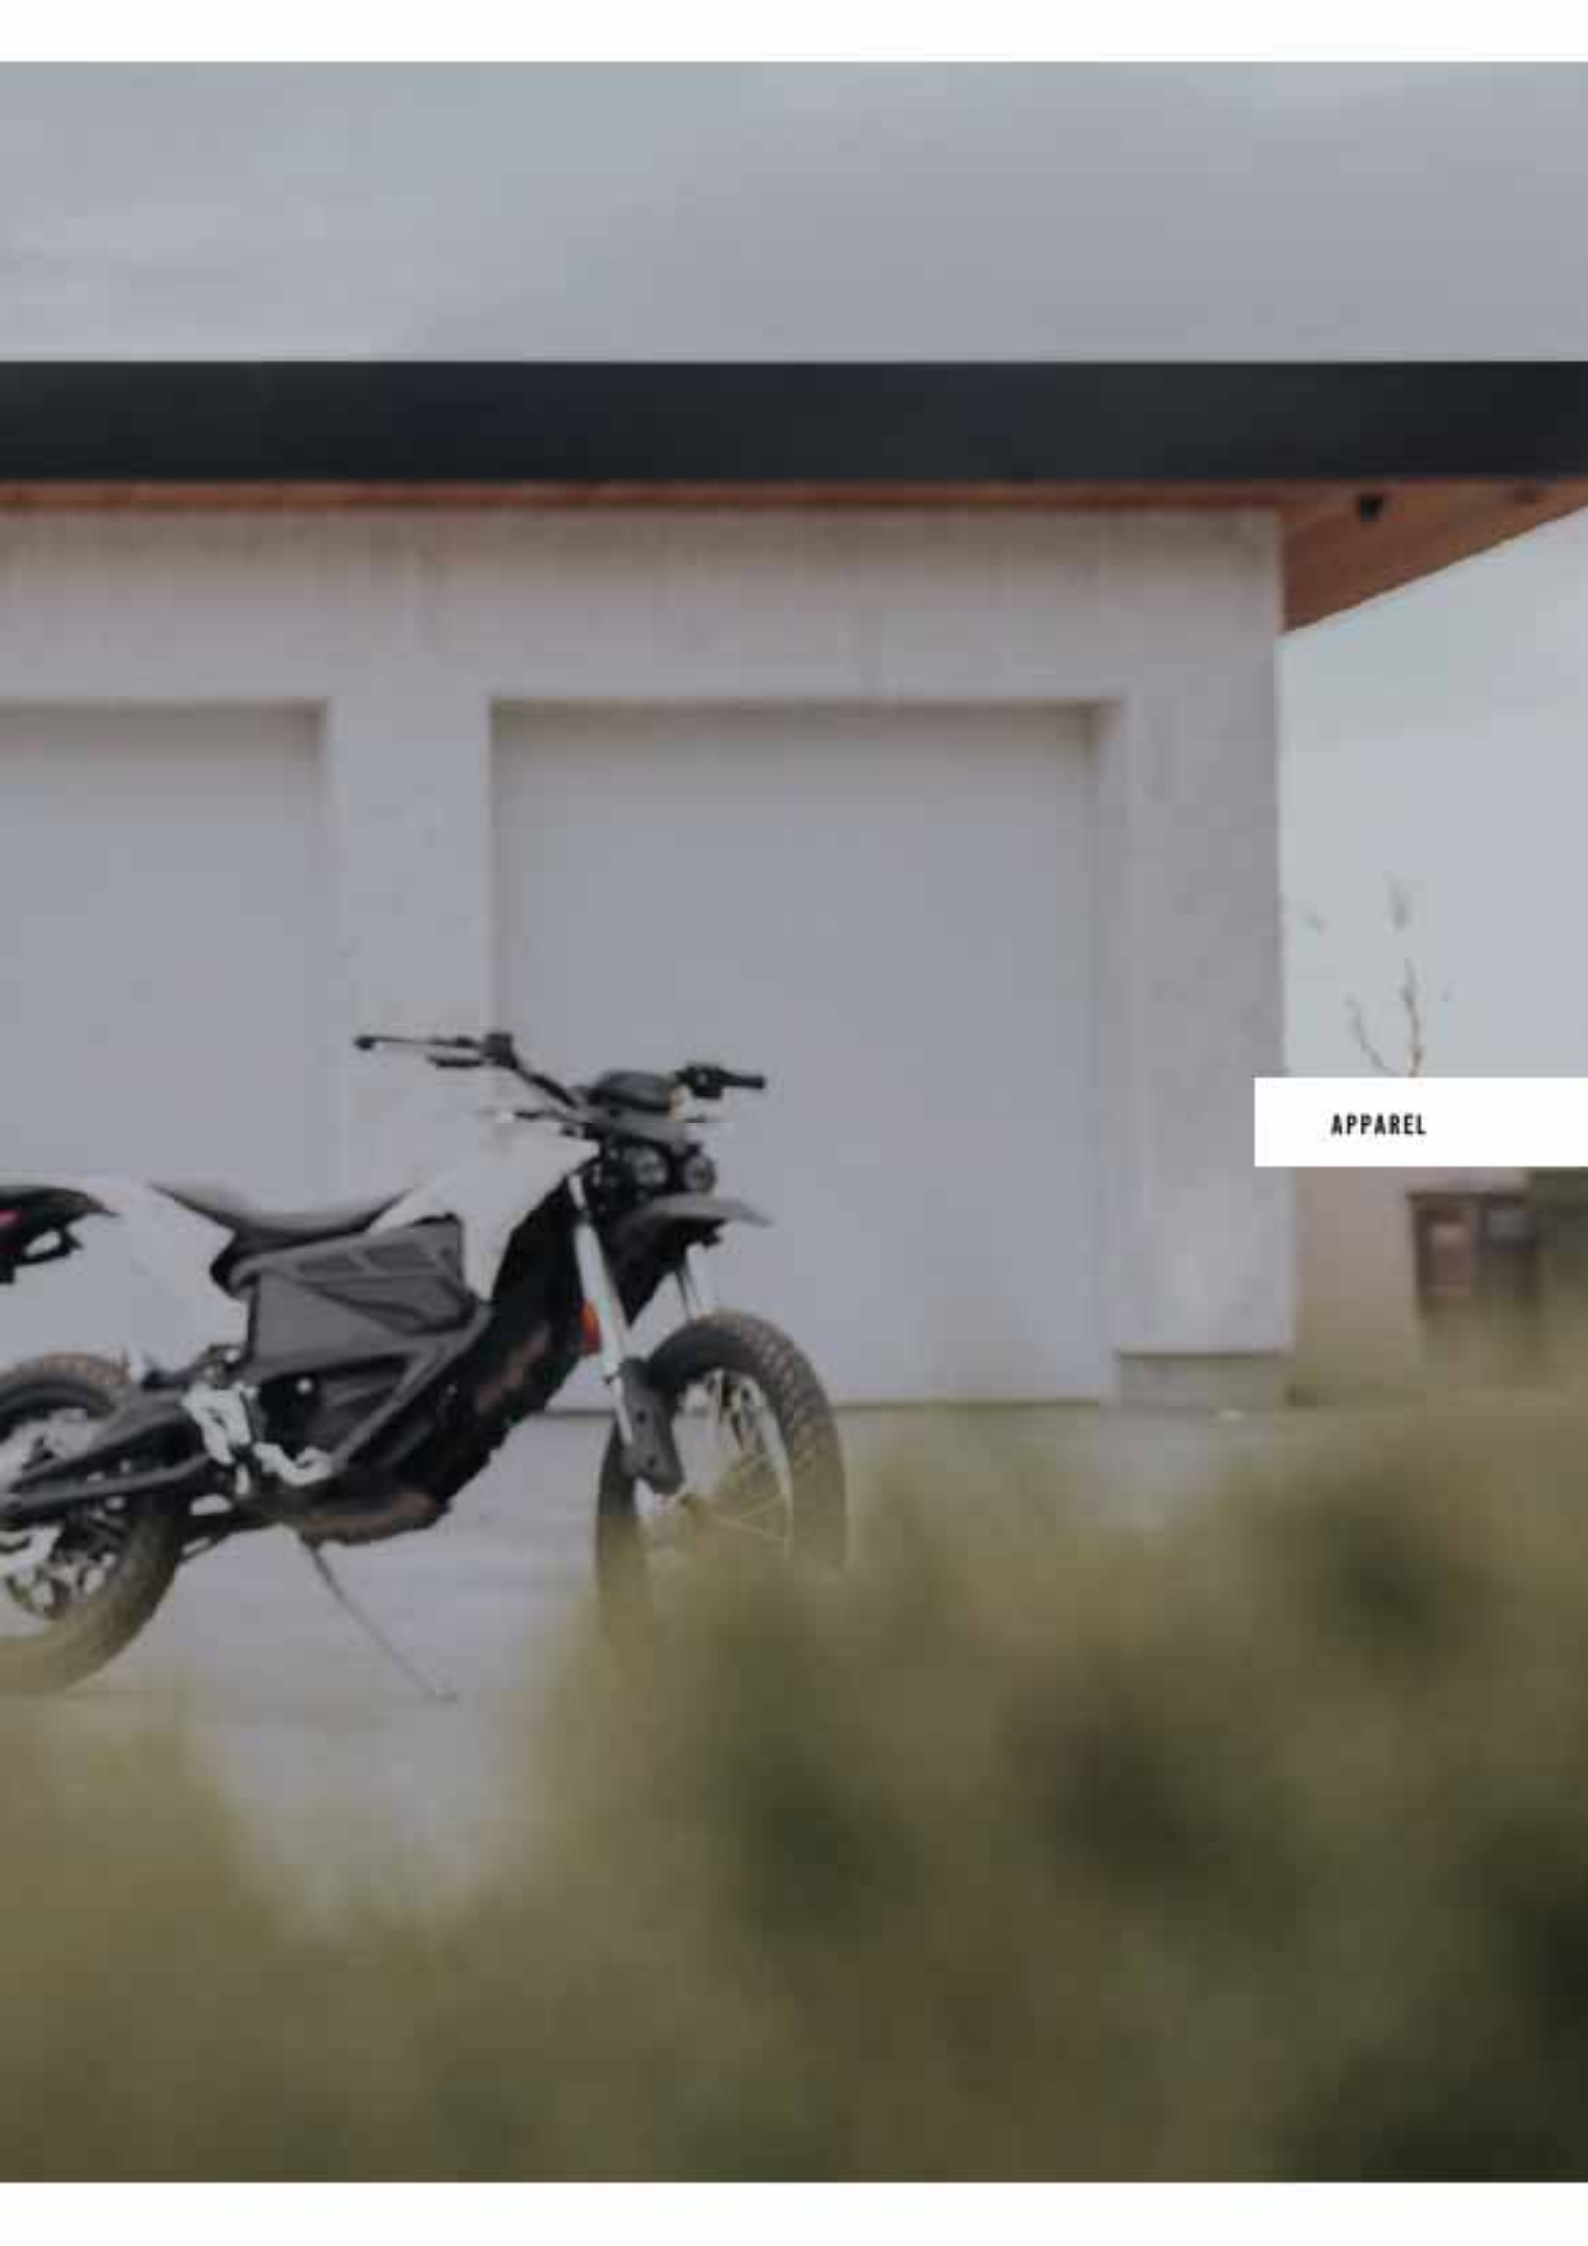

A full offering of garage accessories help you show off your bike even when you're not riding it. Cover it and keep it from getting dinged or covered in dust. Accessories to keep your bike show room ready.
